

OAKMORE[®]
NOOS and Brand book

Welcome to OAKMORE

Our mission at OAKMORE is to make the perfect shirt for work and leisure. It is central to us that regardless of body type and size, everyone can wear the same shirt.

In the realm of accessories like ties, scarves, bandanas, caps, etc., our goal is to produce these items as sustainably as possible.

We strive to create shirts that are not only stylish but also comfortable and functional. We use carefully selected high-quality materials that ensure durability and comfortable use.

Who is behind the company?

Founded by Bo Egeriis in 2023, OAKMORE draws on extensive textile industry knowledge and decades of experience dating back to 1995, the year I founded my first textile company.

Our areas of expertise are private label custom production of shirts and accessories, catering to the fashion industry as well as the corporate and professional attire sectors.

Our emphasis on shirt fit ensures that there is a shirt for everyone, regardless of body type or size.

Our women's shirts are available in slim, comfort and loose fits and are stocked from size 32 to 54.

Our men's shirts are crafted in slim and comfort fits and are stocked from size S-37/38 to 8XL 57/58.

OM01 White stretch twill

OAKMORE's signature twill. A fabric we have developed ourselves in 60% BCI cotton and 37% RECYCLED polyester and 3% elastane. The blend ensures minimal wrinkles and makes the shirt easy to iron.

Bowtie

- OMB001 Dotted bowtie, black white
- OMB002 Dotted bowtie, navy white
- OMB003 Plain bowtie, black
- OMB004 Plain bowtie, navy

1 style = 5 fits

Specialists in fits

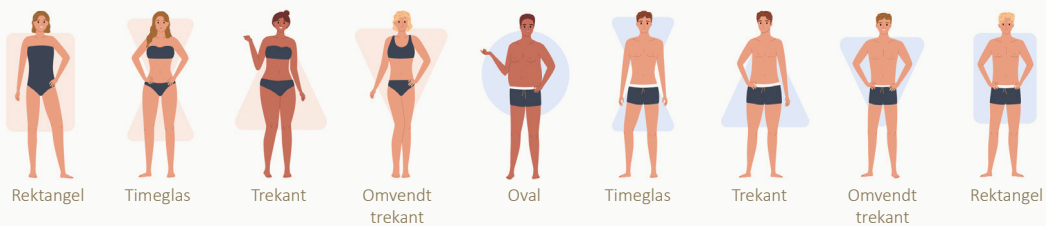

OAKMORE has great emphasis on shirt fits. We have developed 5 unique models, 3 for women and 2 for men. The unique models, coupled with the fact that we keep them in stock from size 32 up to 8XL 57/58, provides a high likelihood of finding a shirt that fits. All women's shirts come with extra buttons, so there is no 'peeking in'.

The fit on our shirts is based on the data we have on both men and women's body shape.

46% of all women have a body shape referred to as "rectangle", and another 21% a body shape referred to as "pear".

When it comes to men, 40% have a body shape referred to as "rectangle", and 26% a body shape referred to as "oval".

We don't promise to cover every single body shape with our shirts, but with three different fits for women, and two different for men, we believe its fait to say that we are close.

Responsibility 'every step of the way'

Sustainable fabrics

RECYCLED Polyester.

“Certified under GRS (Global Recycled Standard), OAKMORE utilizes only recycled polyester in our products. Recycled polyester possesses many favorable qualities. In addition to being a highly durable fiber with a long lifespan, recycled polyester is also very easy to clean and iron.

Cotton.

OAKMORE uses organic cotton, BCI cotton, and conventional cotton. Cotton is one of the most utilized fibers in textile production, valued for its soft and breathable qualities.

Modal and Lyocell.

OAKMORE uses Modal and Lyocell fibers for ties, scarves, and other accessories. These fibers are of botanical origin and are produced with low environmental impact.

RWS wool (Responsible Wool Standard) is used for scarfs.

The standard requires, that the wool is exclusively sourced from farms that ensure animal welfare. There are strict regulations for feed and requirements for sufficiently large areas, clean stables, sustainable cultivation of grazing meadows, and the conditions of the employees.

Sustainable trims (buttons, labels, and lining)

OAKMORE exclusively uses buttons and labels made of recycled polyester. The lining in our ties is made from a new recycled polyester with a gently brushed texture, imparting 'fullness' while ensuring the tie doesn't wrinkle excessively after being tied.

Sustainable packaging FSC cardboard (Forest Stewardship Council).

OAKMORE exclusively uses FSC cardboard. Whether it's shipping boxes or other paper components like hangtags, we only use FSC paper.

Bags.

OAKMORE delivers shirts in recycled bags, equipped with a convenient zip closure, allowing the bag to be reused for travel and practical storage.

Bags for accessories are also made from recycled plastic or FSC paper.

Sustainable shipping (Weight of shirts/packaging, etc.)

OAKMORE shirts are packed according to an entirely new standard.

The shirts are folded without any needles and with minimal plastic. Only a small piece of FSC cardboard is used to protect the collar during transportation.

That means more shirts can be fitted into each shipping box, and the total weight is significantly less. All of this reduces CO₂ emissions substantially.

Custom made

Unique and individual solutions to specific needs

Together with you, we design your corporate wear based on your wishes and needs.

We guarantee that our production is as socially and environmentally responsible as it can be.

Welcome to OAKMORE's private label world

Alongside our production of OAKMORE styles, we have specialized in developing and producing private labels for international fashion companies.

Our strength lies in creative innovation, stringent quality standards, thorough quality control, and, most importantly, maintaining a strong presence with both our customers and suppliers. OAKMORE exclusively manufactures at reputable and approved facilities.

Corporate wear

It doesn't have to be difficult to create unique and individual solutions.

Let us guide you safely through the entire process. We have many years of experience in producing corporate wear as well as private label for the fashion industry. Our collaboration with many large, international fashion brands ensures that your corporate wear doesn't become dull but stays up to date!

Unique and individual solutions to specific needs

Together with you, we design your private label or corporate wear, based on your wishes and needs. We guarantee that our production is as socially and environmentally responsible as it can be.

Ties

We can produce ties and bowties starting from 50 pieces per design. They can be manufactured in Italy or China in various qualities: Recycled polyester, Tencel, bamboo, silk, wool, linen, cotton, etc.

Based on your wishes and needs, we have drawings made of the products. When we reach agreement on the details, we create a final sample for final approval. After approval, production begins.

Branding options:

- Fashion patterns made in your pantone colours
- Fashion patterns with your logo incorporated in the pattern
- All-over pattern with your logo. Printed or woven
- Woven label with your logo
- Jacquard woven logo

Shirts

We can produce corporate wear shirts starting from 100 pieces. Minimum of 10 pieces per size. The shirts can be manufactured in Europe or Asia.

We can make shirts in all qualities, ranging from an affordable CVC to a 100% cotton NON IRON. Based on your wishes and needs, we have drawings made of the shirts.

When we reach agreement on the details, we create a final sample for final approval. After approval of the shirt, production begins.

Branding options:

- Embroidery on the chest, collar, or elsewhere on the shirt
- Printed logo
- All-over print
- Logo on the buttons
- Badge with logo
- Fabric in pantone colour
- Neck label with your logo
- Contrast fabric in the collar with your logo

Scarves

We can produce men's and women's scarves starting from 100 pieces per design. The scarves can be manufactured in Italy or China in various qualities: recycled polyester, Tencel, bamboo, silk, wool, linen, cotton, etc.

Based on your wishes and needs, we have drawings made of the scarves. When we reach agreement on the details, we create a final sample for final approval. After approval of the scarf, production begins.

Branding options:

- Fashion patterns made in your pantone colours
- Fashion patterns with your logo incorporated in the pattern
- All-over pattern with your logo. Printed or woven
- Woven label with your logo
- Sewn-on badge with your logo
